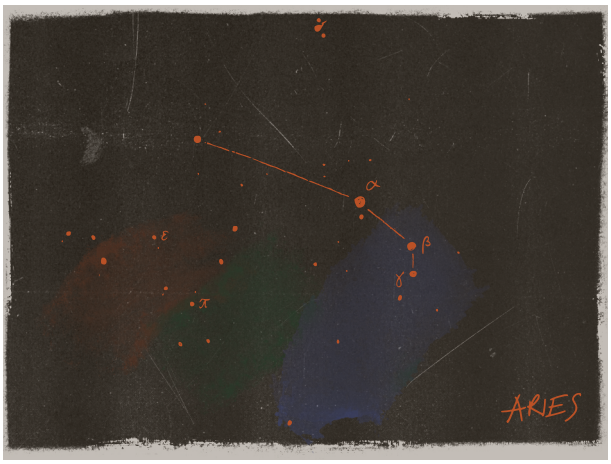
ARIES 2020

Vintage: an unusually moderate year with well-balanced rainfall, a cold summer (although there was a short, very hot period in August) and a cool harvest season. Local annual precipitation reached 750 mm, which is above the annual average of 650 mm.

Vinification: three picking passes, gentle direct press using whole bunches, the juice is racked by gravity to stoneware vessels for fermentation. The wine was aged on the lees for 21 months in the same vessels without intervention.



ARIES 2020

Balatonmelléki oltalom alatt álló földrajzi jelzésű
szűretlen száraz fehér bor / unfiltered dry white wine
palackozta / bottled by:
